

Sustainable Water Treatment Solutions

Indotech Organics
solutions provider

Indotech Organics
solutions provider

About Us

Indotech Organics manufactures specialty products to serve wide spectrum of industries like fertilizer, rubber, paper, sugar, distillery, automobile, engineering, chemical and agro-processing industries. It commands very high reputation among all stakeholders including customers & suppliers. Our strong Research & Development approach complemented with knowledge base, transparent ethical business philosophy, fair business practices have a great contribution to our continuous business growth. **Indotech Organics** has researched, developed, manufactured and marketed several industrial products to meet the unique needs of a specific market or as a “problem solving” solution for our customers.

Vision

“To develop sustainable business practices in our products & services both profitably & responsibly by optimally utilizing the natural resources and conserving them to benefit future generations through sustainable growth.”

Mission

To provide viable solutions for our customer’s problems through sound scientific research, precise and efficient manufacturing and a strong commitment to offer support & service in timely and cost-effective manner.

Our Philosophy

Sustainable business is built on trust. It is our policy to provide most cost effective solutions to all our customers. We ensure maximum returns to our customers when they invest in our product.

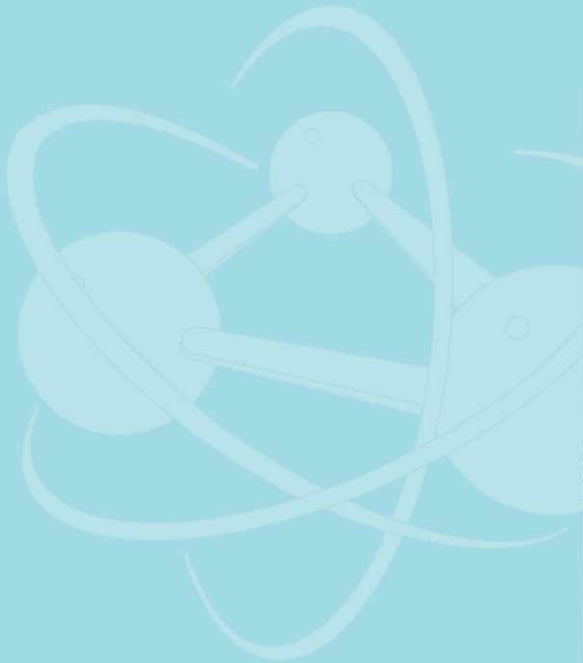

- ▶ Increase the profitability of our customer by reducing input cost through our cost effective quality products and making processes simpler.
- ▶ Share the extra profit so earned through our products and services on equitable basis.
- ▶ Customer should always win and earn more in all dealings with us.

Core Values

Integrity cannot be bought or sold, it must be earned. We will not compromise on it for short term gain or advantage. We will stand tall in front of our associates and customers and never look the other way. Mishaps & problems will not alter our course; we will look at them as an opportunity for growth as individuals & as a company.

Environment

Mother earth is fragile and must be handled gently, so we must be good stewards of our environment. Earth’s resources are finite and we will give back through recycling & green technology whenever & wherever possible. BSK group believes it to be less expensive to develop safe chemistry today rather than clean up bad chemistry tomorrow.

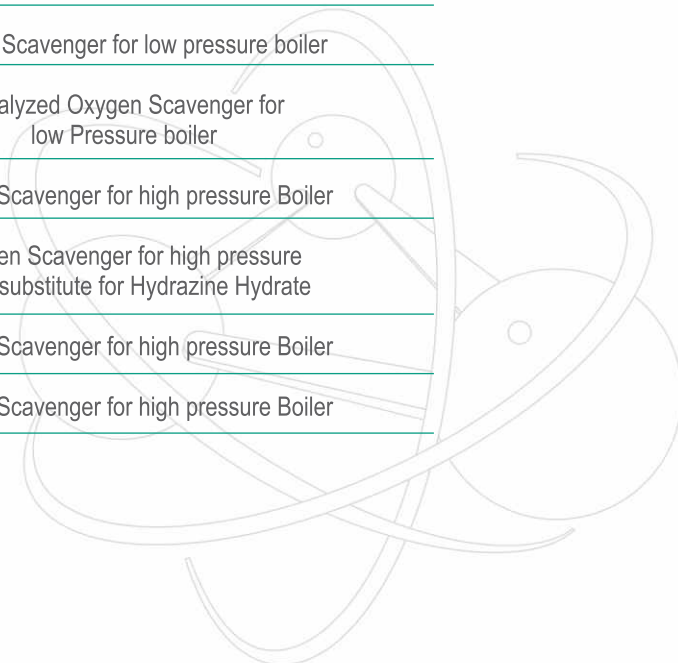

Cooling Tower Water Treatment Chemicals

Product Name	Application
INDOCIDE -- CB 310	Biocide
INDOCIDE -- CB 320	Biocide
INDOCIDE -- CB 330	Biocide / Algicide
INDOCIDE -- CB 340	Biocide / Algicide
INDOCIDE -- CB 350	Algicide / Biocide
INDOCIDE -- CB 370	Algicide / Biocide
INDOPERSE -- CA 410	Antiscalent
INDOTREAT -- DFC 440	Defoulant for Condenser & cooling louvers
INDOPERSE -- BD 450	Biodispersant
INDOTREAT -- CDS 460	Descalent for condensers / heat exchangers
INDOTREAT -- CTP 480	Cooling Tower fill pack cleaner
INDOHIB -- CIZ 510	Corrosion Inhibitor
INDOHIB -- CI 520	Corrosion Inhibitor
INDOHIB -- CIS 540	Corrosion Inhibitor
INOSEF -- CT	Defoamer / Antifoaming Agent

Boiler Water Treatment Chemicals

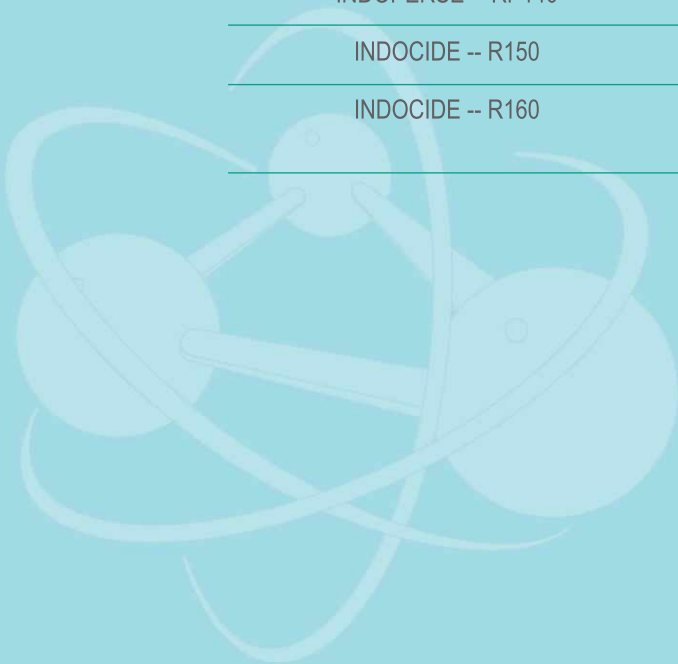

Product Name	Application
INDOTREAT -- AB-510	Alkalinity Builder
INDOTREAT -- ABV 520	Return Line Condensate treatment
INDOTREAT -- ABV 530	Return Line Condensate treatment / protection
INDOTREAT -- SL 540	Sludge Conditioner
INDOPERSE -- ASB 560	Antiscalant & Corrosion Inhibitor
INDOTREAT -- OS 570	Oxygen Scavenger for low pressure boiler
INDOTREAT -- OS 570 C	Catalyzed Oxygen Scavenger for low Pressure boiler
INDOTREAT -- OSD 580	Oxygen Scavenger for high pressure Boiler
INDOTREAT -- OSZ 590	Oxygen Scavenger for high pressure Boiler substitute for Hydrazine Hydrate
INDOTREAT -- OSH 600	Oxygen Scavenger for high pressure Boiler
INDOTREAT -- OSH 600 C	Oxygen Scavenger for high pressure Boiler

Reverse Osmosis Plant Chemicals

Product Name	Application
INDOCLEAN -- R110	Membrane Cleaner
INDOCLEAN -- R120	Membrane Cleaner
INDOPERSE -- R130	Industrial RO Anti-scalent
INDOPERSE -- RP140	Drinking Water RO Anti-scalent
INDOCIDE -- R150	Membrane disinfectant for CIP
INDOCIDE -- R160	Membrane sanitizer/disinfectant (online for industrial ROs)

Waste Water Treatment Chemicals (ETP Chemicals)

Flocculants

Indotech Organics offers INDOFLOC range of flocculants for effluent and waste water treatment in following applications :

Raw Water Clarification.

INDOFLOC - 52

It is most suitable for removal of turbidity and suspended solids from canal water and raw water used for the process.

Sludge Dewatering

INDOFLOC - 43

We have a wide range of products for this application. suitable product is to be selected after jar test. INDOTECH representative will guide for selection of suitable product.

Color removal

INDOFLOC - 24

Coagulants

1. INDOCOAG 24A
2. FERRICALUM
3. FERRIC CHLORIDE

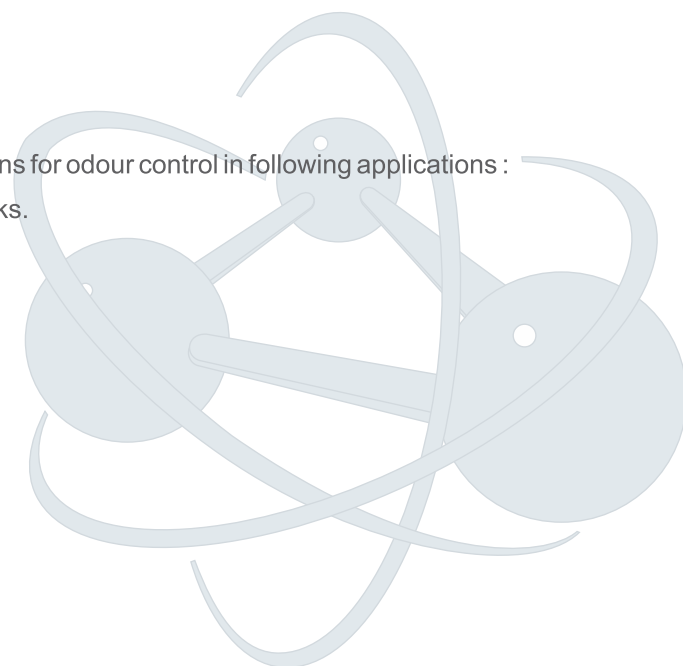

Defoamers

INOSEF- ET : Defoamer for ETP

Odour Control Agents

Indotech Organics offers unique solutions for odour control in following applications :

1. Effluent and sewage treatment works.
2. Waste Collection System
3. Sludge Processing
4. Composting
5. Hospitals
6. Hotels

Every drop of water
matters....
